Introduction to the Wine List

On behalf of the Wine Committee I am delighted to introduce to you the University Club of Toronto's wine list.

May I begin by offering a warm welcome to our members and guests to the delights of the University Club's wine cellar. There are many benefits to being a member of the club, and one of the distinct pleasures we suggest you take advantage of is the enjoyment of fine wines at unusually good – let's say unheard of – pricing.

We have adopted a discounted wine pricing policy specifically to thank members for supporting the Club through their dues. This policy covers the sale of wines in the bar and regular dining room and limits the mark up to a \$28 maximum. This provides an opportunity to sample some excellent wines that you may not have had an opportunity to purchase at home, with it being an affordable pleasure.

To give you an example of how this compares to local restaurants in Toronto, a bottle of Chateau Palmer 1982 sells in our dining room for \$280 while the price at three leading restaurants in Toronto with sizeable cellars: Restaurant #1: \$560; Restaurant #2: \$620; Restaurant #3 \$600.

We hope that you enjoy all the benefits the Club has to offer – a wonderful meal prepared by Chef Patrick Desmoulins accompanied by the best quality and value provided by our expansive cellar.

Santé!

W109	Taittinger Brut Prestige Rose Champagne	NV	102.00
	<i>Blended from Pinot Noir and Pinot Meunier grapes, this is a succulently fruity, supple and aromatic Champagne with fine bubbles and a crisp, refreshing finish of extended length. Taittinger Cuvée Prestige Rosé is intense cherry-pink in color with extremely fine, persistent pinpoint bubbles rising in delicate strands to the surface of the wine. Its classic, aromatic Pinot fragrance of red raspberries and strawberries is offset by elegant, subtle floral and earth nuances. On the palate, the ripe, full berry flavors are vibrant yet refined, delicately balanced by a fresh acidity which carries into a crisp, refreshing finish of persistent length. | R31 | Ch. Gruaud-Larose (2ieme Cru Classé) (St. Julien)
<i>Gruaud-Larose was superb at the most recent tasting. Moreover, this might be a 1990 that is still affordable. The wine exhibits a thick-looking, plum/purple/garnet-like color. A sensational nose of jammy black-cherries, earth, cedar, and herbs has become far more intense and striking. The wine displays sensational richness and power, but not quite the burly, monstrous size and hulking weight of the 1986 or 1982. Yet it reveals impressive stuffing and power. The low acidity emphasizes the thick, juicy, succulent fruit in this backward yet rich, chewy wine. This was the finest showing yet for the 1990 Gruaud Larose. Score 93 – Robert Parker</i> | 1990 261.00 * |
| R147 | Ch. Palmer (3ieme Cru Classé) (Margaux)
<i>This wine, a blend of 55% Cabernet Sauvignon, 40% Merlot, and 5% Petit Verdot, is performing well after its July, 1998 bottling. It boasts an impressively saturated purple color, in addition to a backward yet intense nose of black plums, currants, licorice, and smoke. Following terrific fruit on the attack, the wine's structure and tannin take over. There is plenty of sweet fruit, and the tannin is well-integrated, but the wine requires 7-8 years of cellaring. Anticipated maturity: 2007-2028. Score 91, Robert Parker.</i> | 1996 258.00 * |
| R80 | Mouton-Rothschild Grand Cru Classé (Pauillac)
<i>Wine Advocate Score: 94 Maturity 2007-2030. Cabernet Sauvignon 77%, Cabernet Franc 13%, Merlot 10%. From magnum. This wine has a superb colour compared to the maturing wines tasted alongside; it has a dark core, a dense rim, with plenty of red pigment still. This is very impressive. The nose here is divine; it has a very typical profile for the vintage, full of iron and rust, but enticingly perfumed with violets. It kicks off very elegantly on the palate, and it has a wonderful texture, composed rather than showy. It has great style; the tannins and acidity show through and there is plenty of perfumed character as there is on the nose. There is structure and grip, and a fine persistence. This very superb wine, with its reserved character, will go for more than ten years yet. At its apogee this will be truly remarkable. 19+/20 (February 2008) <i>The Wine Doctor – Chris Kissack</i></i> | 1996 393.00 * |
| R138 | Ch. Latour Grand Cru Classé (Pauillac)
<i>Steven Tanzer IWC: Red-ruby. Deep aromas of cassis, licorice and lead pencil. Deeper than Les Forts but currently rather mute in the middle. Strongly minerally. Offers classic Latour structure and spine. Finishes with sneaky, subtle persistence. Score 91</i> | 1998 270.00 * |
| R158 | Ch. Pavie (St. Emilion) Magnum
<i>The inky/ruby/purple-colored 1999 exhibits a tight but promising nose of crushed stones, a liqueur of blackberries, cherries, and black currants, and subtle smoke and licorice in the background. Powerful, with impressive elegance, fine harmony among its elements, a multi-layered texture, it has a finish that lasts for 50+ seconds. There is considerable tannin, but it is well-integrated. Give it 3-4 years, and drink it over the next two decades. A profound effort for the vintage, it is an example of a perfectionist proprietor pushing the envelope of quality.
 <i>"The 1999 Pavie is a candidate for "wine of the vintage". It boasts an opaque ruby/purple color in addition to gorgeous aromas of crushed minerals, smoke, licorice, cherry liqueur, and black currants. The wine is exceptionally pure and multilayered, with stunning texture and overall balance. The tannin level suggests 3-4 years of cellaring is warranted; it should age gracefully for 25+ years. If readers are wondering why Pavie has become so much better under the administration of Chantal and Gerard Perse, keep in mind that yields are one-third of what they were under the previous owners." - Robert Parker's Wine Advocate: 95 points</i></i> | 1999 406.00 * |
| R205 | Ch. De Lamarque Cru Bourgeois
<i>Wine Advocate: "This is an excellent, seductive, lower level cru bourgeois with loads of blackberry and cherry fruit intermixed with a smoked herb component. Some spicy oak is also evident. The wine is medium-bodied, with good fruit, and balance."</i> | 1999 60.00 * |
| R224 | Ch. Cambon la Pelouse (Haut Medoc)
<i>The Wine Enthusiast: "The 2000, which has a slightly more saturated ruby/purple color than the 2001, is fleshier, with a more substantial mouthfeel. Exhibiting sumptuous fruit, ripe tannin and a seamless texture, this serious Haut-Medoc is equivalent to many classified growths."
 Decanter, 4 out of 5: Classic cassis/cedar Medoc bouquet, quite dry and restrained. Fine fruit and good elegant wine, shows elegance, depth and finesse. Drink 2-10 years.</i> | 2000 68.00 * |

There is no denying the classicism and purity of this 2000. Best drinking: 2010-2025."</i>	2000	495.00 *

R203	Les Forts de Latour (Pauillac) <i>Score 92 Robert Parker: "The 2000 Les Forts de Latour is a seriously endowed wine with notes of black walnuts, black currants, crushed rock, tobacco and spice box. Full-bodied, luscious but still in need of another 2-3 years to hit full maturity, it certainly can evolve for another 15 or more years, and looks to be slightly richer and longer-lived than I originally predicted." R214	Ch. Figeac (St. Emilion) <i>Score 93 Robert Parker: "Figeac has become a more consistent wine over the last few years. A profound effort, the surprisingly full-bodied 2000 Figeac has an opaque purple color accompanied by a terrific bouquet of camphor, graphite, black currants, licorice, and smoked herbs. With well-balanced, powerful tannin, concentration, and pinpoint precision, finesse, and purity, this expressive as well as textured effort will drink well between 2004-2018. When Figeac hits on all cylinders, one can understand why some tasters believe it is as complex as Cheval Blanc. This is undeniably the estate's finest effort since 1996."</i>	2000	201.00 *
R97	Ch. La Conseillante (Pomerol) <i>Score 96 Robert Parker: the 2000 La Conseillante has a deep ruby/plum/purple color and an unbelievably expressive nose of sweet kirsch liqueur intermixed with raspberries, incense, toast, and licorice. Full-bodied yet ethereal in the sense that it seems to combine power along with eloquence and delicacy, this is a beautifully pure wine that has just hit its plateau of full maturity, although ideally I think it would benefit strongly from another 4-5 years of bottle age and drink well for two to three decades. (Jun 2010)</i>	2000	385.00 *
R98	Ch. Mouton Rothschild (Pauillac) <i>Score 96+ Robert Parker: "Perhaps the most beautiful packaging ever on a Bordeaux bottle, Baroness Philippine de Rothschild literally produced a work of art in the gold-engraved bottle of 2000 Mouton Rothschild. Of course, one can't drink the glass, but this is a top-flight Mouton Rothschild, eclipsed only by the 2006 and 2009. A rich, tannic, earthy style, with loads of creme de cassis and floral notes, the final blend of 86% Cabernet Sauvignon and 14% Merlot is a full-bodied wine with plenty of coffee, earth, chocolatey notes, and still plenty of tannin to resolve. I gave it an anticipated maturity range of 2015-2050 back in 2003, and that looks on target. The 2000 Mouton Rothschild is at its best with about 24-48 hours of decanting. A blend of 86% Cabernet Sauvignon and 14% Merlot, the wine offers a saturated ruby/purple color in addition to reticent but promising aromas of toast, coffee, licorice, creme de cassis, and roasted nuts. Dense, chewy, and backward, with tremendous purity and density in addition to obvious toasty oak, it is full-bodied, powerful, tannic, and backward. Twenty-four to 48 hours of aeration only hints at its ultimate potential. This blockbuster will be exceptionally long-lived</i>	2000	727.00 *
R219	Ch. Canon (St. Emilion) <i>Score 90 Robert Parker: "This elegant St.-Emilion has filled out nicely over the last decade. From barrel and post-bottling, I thought it might turn out austere, but that does not appear to be the case. It offers a deep ruby/purple color as well as copious aromas of black cherries, crushed rocks, and earthy undertones. While not a blockbuster, it is beautifully balanced and pure, revealing slightly more depth and richness than I expected. Best drinking 2010-2025"</i>	2000	165.00 *
R216	Ch. La Tour du Pin Figeac Grand Cru <i>The 2000 vintage was a stellar way for Bordeaux to kick off the new millennium. The vintage produced impressive wines from both banks, and was defined by ripeness, concentration, balance and a round, almost silky texture. Most significantly, this quality was reflected throughout the region and across all price points, and the best wines had more than enough structure to continue to evolve for decades. This example is from the family-owned La Tour du Pin Figeac, and the grapes were harvested from vines of more than 40 years of age. A great opportunity to taste mature Bordeaux from a landmark vintage</i>	2000	105.00 *

	<i>The first of six Malbecs I tasted was the 2015 Malbec Reserva, which is also labelled Reserve Malbec and as Barrel Selection in Europe Barrel. It is produced with grapes grown at their El Oasis and La Pampa vineyards in Valle de Uco that fermented destemmed in stainless steel vats and matured in oak barrels for 12 months. This is a very aromatic, floral and showy Malbec, very fruit-driven, where they search for freshness and use mostly neutral barrels trying to show the character of the Valle de Uco. The palate is silky, with a fine texture and sweet, round tannins, very fresh, even with a minty nose. They produce over one million bottles of this wine in multiple bottling lots from the same blend. Drink Date: 2016-2018. Score - 90. (Luis Gutiérrez, robertparker.com, Dec. 30, 2016)</i>

Aged in both tank and French oak, it comes from 60-80-year-old vines planted in limestone soils at a relatively high elevation of over 1,600 feet. This winery, started in 1925 by the Candela family, has really hit pay day with this amazing value. Blackberries, blueberries, acacia flowers, and chalky minerality dominate the aromatics and flavors. It is full-bodied, the price is absurdly low for a wine of this quality, and I suspect it can age nicely for another 5-6 years, although its true value is its exuberance, fruit purity and density." 93 points - Robert Parker, Wine Advocate, Nov 2015</i>	2014	53.00

Burgundy

Chablis produces white wines made from the Chardonnay grape. These are classified (in descending order of quality) as Grand Cru, Premier Cru, Chablis and Petit Chablis. With an aroma reminiscent of wet stones, Chablis derives its uniqueness from the chalk soil in which the vines are grown. Unlike white Burgundy from the Côte d'Or, Chablis is typically lean and zesty. Not all Chablis wines are aged in oak.

The Laforêt Burgundy white is an aromatic wine, with robust flavors and fruit, recalling the fresh grape and the green almond. "Fruity and full of life. <p><i>Jancis Robinson has observed that "Riesling enthusiasts tend to be cleverer, wittier and better-looking than the average wine lover." We can't promise that you will be better looking if you drink this wine, but you will be making a smart choice, as it has won Decanter Magazine's coveted Award of Excellence. Expressing excellent Mosel Valley typicity, it balances a slight sweetness with perfect acidity. Vibrant lemon aromas foreshadow the generous amount of citrus fruit that follows through on the palate.</i></p>

PORT, SHERRY & MADEIRA**PORT**

Port is a fortified wine made in Portugal from various grape varieties grown in the Douro valley. Brandy is added to halt fermentation at a point where sufficient natural sugar remains to give the wine its characteristic sweetness. There are many different types of port. Vintage port is wine of an exceptional year, kept in cask for two or three years, then matured in bottles. Late Bottled Vintage (LBV) ports are generally the produce of a single vintage. They are left in wood for four to six years, then fined and filtered before bottling. Ruby port, generally a blend of wines of different vintages, is stored in wood and bottled before it loses its clear, red color. Vintage Character port is essentially premium ruby port. Tawny port remains longer in the cask, losing some color and alcohol. Colheita is a tawny port from a single vintage. Crusted port is vintage or ruby port kept in bottles until it has formed a crust-like sediment. Single Quinta Ports are made in both tawny and vintage styles but with the distinction that they come from only one vineyard. White port is a sweet, amber-coloured port that is delicious served chilled as an aperitif.

SHERRY

Sherry is a fortified wine that comes from white grapes that are grown near the town of Jerez de la Frontera in Andalusia, Spain. Sherry is produced in a variety of dry styles made primarily from the Palomino grape, ranging from light versions similar to white table wine, such as Manzanilla and Fino, to darker and heavier versions that have been allowed to oxidise as they age in barrel, such as Amontillado and Oloroso. Sweet dessert wines are also made, from Pedro Ximinez or Moscatel grapes, and are sometimes blended with Palomino-based Sherries.

MADEIRA

Madeira is a fortified wine that comes from an island off the northwest coast of Africa of the same name. Originally it was naturally oxidized as a result of ageing on shipboard. This process, which produces strong, rich wines, is now undertaken in heated buildings called "estufas," Madeira ranges from very sweet (Malmsey) to medium sweet (Bual) to rather dry (Verdelho and Sercial).
