TWO INCREDIBLE COURSES ONE INCREDIBLE EXPERIENCE

For members of the Devil's Pulpit Golf Association, the experience begins as they drive past rolling countryside and into the Niagara Escarpment to play the award-winning course of their choosing: either Devil's Pulpit or Devil's Paintbrush. Members of the University Club of Toronto may now make use of a new affiliation for both dining and golf privileges*.

The Pulpit is a spectacular earth sculpture that pushes the envelope of golf design with its strategic options, multi-tiered fairways and challenging greens. In naming Devil's Pulpit Canada's Best New Course of 1991, Golf Digest said: "It all works as a scenic wonder and as a test of golf."

The Paintbrush has all the features of British links courses including mounding, sod-wall bunkers, rock fences, blind shots and knee-deep fescue rough that billows in the ever-present breezes. It too was honoured by Golf Digest, as Canada's Best New Course for 1992.

As stand-alone courses, spectacular Devil's Pulpit and links-style Devil's Paintbrush are as different as night and day. But both are outstanding tests of golf maintained in immaculate condition, and enhanced by clubhouses that reflect their unique character. Together, they form Devil's Pulpit Golf Association, providing a premium golf experience of unrivalled variety and quality with professional service and amenities that surpass expectations.

Lorne Rubenstein, an award winning golf writer and columnist for The Globe and Mail, said "Members here are very fortunate to belong to the best two-course club in the world. What sets this club apart is the fact that the two great courses are so different from one another."
