January 20 - Evening Talk on the Club's Art Collection with Sara Angel of the Art Canada Institute

In the coziness of the Main Lounge, learn more about the Club's impressive art collection with leading art expert, Sara Angel.

In 2011, when Sara Angel started her PHD in art history at the Univ. of Toronto, she had a fifteen year career in arts publishing and journalism under her belt. When Sara began teaching art history at the Univ. of Toronto, she searched all over for Canadian art content to use in her class lectures. She found next to nothing online or in libraries: no comprehensive series on Canada's visual artists existed, digitally or in print. Drawing on her extensive professional experience, she decided to change the Canadian cultural landscape in order to create a resource where Canadians could find up-to-date, expert authored, and audience-friendly content about the country's art history.

Sara now serves as the founder and executive director of the Art Canada Institute (ACI). She has been a guest lecturer at Harvard University, The University of Toronto, Ryerson University, the Royal Ontario Museum, the Art Gallery of Ontario, the National Gallery of Canada and the Israel Museum.

The ACI has become the go-to resource for anyone interested in this country's visual art. In less than 5 years, the ACI has published 30 books - each available free of charge and in English and French by the country's leading art experts. The
